A Publication of THE PENNSYLVANIA SCHOOL FOR THE DEAF

**THANKS TO OUR FRIENDS FOR YOUR
GENEROUS \$UPPORT!**

PSD was very fortunate to receive three grants totaling \$20,000 this fall specifically for classroom technology. Verizon made a grant of \$10,000 which will equip two PSD classrooms with SmartBoards, document projectors, overhead projectors, and wiring. PSD student reporters met with Verizon representatives to explain how important technology is for the literacy skills of deaf and hard of hearing students and to accept the check.
