Informational Amendment

Verizon hereby provides notice that New Jersey is the only jurisdiction in which it is currently providing Audiotelephone Information Services as outlined in the posted Comparably Efficient Interconnection Plan.

This posting is made consistent with the Commission's *Report and Order in the Computer III Further Remand Proceedings*, 14 FCC Rcd 4289, ¶¶12 and 20 (1999). The underlying basic telecommunications services cited in the posted Audiotelephone Information Service plan will be basic serving arrangements or basic service elements throughout the New Jersey operating territory as outlined below:

New Jersey
Tariff No. 2 Exchange and Network Services
Section A9, Central Office Services
9.5 Announcement Services
Pages 142 through 144

This amendment is effective upon posting.
