

6929 N. Lakewood Avenue  
Tulsa, OK 74117

**PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.329(a)**

January 31, 2024

**Carrier:** Verizon Pennsylvania LLC, 900 Race Street, Philadelphia, PA 19107

**Contact:** For additional information on these planned network changes, please contact:

Lisa M Thompson  
Global Engineering and System Performance  
Verizon Wireline Network Operations  
13100 Columbia Pike  
Silver Spring, MD 20904  
(410) 375-9777

Quadre Washington  
Associate Director – Global Engineering and System Performance  
Verizon Wireline Network Operations  
320 Saint Paul Place,  
Baltimore, MD 21202  
(410) 736-4261

**Implementation Date:** On or after **September 3, 2024**

**Planned Network Change(s) Will Occur at the Following Pennsylvania Location(s):**

Verizon Central Office	Address	CLLI
Jefferson PA EWSD Switch	4808 Leiper Street Philadelphia, PA 19124	PHLAPAJEDS0
Market PA C20 Switch	900 Race Street Philadelphia, PA 19107	PHLAPAMKPS2

**This notice may also be viewed at:**

<http://www.verizon.com/about/terms-conditions/network-disclosures>

**PLEASE NOTE:**

- All references to the Jefferson PA EWSD switch are associated with CLLI code **PHLAPAJEDS0** and will not be repeated throughout the notice.
- All references to the Market PA C20 switch are associated with CLLI code **PHLAPAMKPS2** and will not be repeated throughout the notice.

**Description of the Planned Network Change(s):**

The Verizon Jefferson PA EWSD switch, located at 4808 Leiper Street, Philadelphia, PA 19124, will be retired and removed from the Verizon network after all traffic served by this switch is migrated to the Verizon Market PA C20 switch, located at 900 Race Street, Philadelphia, PA 19107. All traffic to be migrated to the Market PA C20 switch includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC IXC), wireless and paging traffic.

**Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):**

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Market PA C20 switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Jefferson PA EWSD switch will be required to reposition the codes to the Market PA C20 switch.

All ASRs for the Market PA C20 switch must be received no later than July 15, 2024 to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Jefferson PA EWSD switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Jefferson PA EWSD switch (**on or after September 3, 2024**). This will serve to guide interconnect re-routes of traffic for the ten (10) native codes currently served by the Jefferson PA EWSD switch to reflect the Market PA C20 switch as the new home switch. All ASRs for the Market PA C20 switch must carry the project code of **PHLAPAJEDS0**.
