Dear Customer:

In July 2002, the Primary Interstate Carrier Charge (PICC) for ISDN PRI services will begin in the former GTE companies of Verizon. In some cases, due to a phased implementation, this may not be reflected until September. The change will also be reflected in the Primary Intrastate Carrier Charge for the states of Indiana, Michigan, and Ohio. Rates for ISDN PRI PICC are found in Verizon's FCC #14 and FCC #16 Access Tariffs as well as the Access Tariffs for the three states.

If you have any questions, please contact your Verizon account representative.
