**Subject: Michigan Order for Expanded Local Areas**

This letter is to inform you that on February 5, 2001 the Michigan Public Service Commission issued an order on the rules governing the implementation of Section 304(11) of the Michigan Telecommunications Act as amended by 2000 PA 295 in cases U-12528 and U-12515. Section 304(11) states, "A call made to a local calling area adjacent to the caller's local calling area shall be considered a local call and shall be billed as a local call." The implementation of this Subsection requires Verizon to implement by August 31, 2002 expanded local calling areas to InterLATA adjacent rate centers/exchanges. To comply with this order Verizon will be establishing trunking arrangements with all impacted carriers to deliver this traffic. Account managers will be in contact with you to discuss arrangements for these new routes.
