Subject: New Voice to ATM Tandem in Tampa, FL

This letter is a follow-up to the original Industry Notification Letter, which was distributed to the industry in June 2001 announcing the construction of the new Voice to ATM Tandem office in Tampa, Florida (point code - 240149095).

In May 2002, Verizon began the successful migration of traffic from the existing 01 Tampa Tandem office (TAMPFLXA01T) to the new 03 Tandem (TAMPFLXA03T). The current plan is to replace the 01T Tandem with the 03T Tandem completely.

Since the migrations will be phased in over the course of a 20-month time period, providers should not initiate any LERG or ASR submissions until contacted by your Verizon Account Manager.

Providers impacted:
