**RE: Last Chance for Optional 2007 National SLA Plan for Interstate DS1 and DS3 Special Access Services – Open Enrollment 6/1/07 – 7/13/07**

If you haven't taken advantage of our optional 2007 National Service Level Agreement (SLA) Plan for Interstate Special Access DS1s and DS3s, you've got one last chance. From June 1, 2007 through July 13, 2007, you can sign up for this nationwide plan. Remember, this plan allows our wholesale customers who buy Special Access DS1s and DS3s to manage the service they provide to their customers under one nationwide plan, instead of multiple service-indexes.

The 2007 National SLA Plan for Interstate DS1 and DS3 Special Access Services is simple and easy to understand and is available with no additional charges or fees and has the following features.\*

<b>National SLA – Provisioning</b>
