**RE: Verizon Partner Solutions Forecast Request – August 2007 Cycle – Collocation and Trunking**

Verizon is posting this letter to notify CLECs and wireless carriers to submit your collocation and trunking forecasts.

As we begin our next forecast cycle, we ask that you provide your updated forecasts to us in the appropriate format. Forecast templates are accessible via the Verizon Partner Solutions web site. Detailed downloading instructions are posted on the web site. Instructions and a sample are provided with each template to facilitate your ability to provide high quality forecasts. Please provide Verizon with your forecast through December 31, 2009 according to the instructions in the template files.

Please complete the appropriate template(s) with all of the information that is requested and e-mail your forecast in the same format and software version to Verizon at the following e-mail address, [PartnerSolutions.Forecasting@Verizon.com](mailto:PartnerSolutions.Forecasting@Verizon.com), on or before **September 28, 2007**. Please do not alter the original format of each file.
