

A close-up photograph of a red Ethernet cable plugged into a white patch panel. The cable's RJ45 connector is red and has a textured, ribbed design. The patch panel has multiple ports, some of which are also occupied by red cables. The background is blurred, focusing attention on the cable and connector.

# *Business with* **ROOM TO GROW.**

Provide your customers a range of bandwidth and performance options with Verizon Global Wholesale's flexible Ethernet solutions. We offer a suite of award-winning Ethernet solutions to power your customers' business now and in the future over a world-class network. Verizon's Ethernet solution can handle any class of data transfer and allow you to build upon or add bandwidth efficiently at any time, so it's easy to incrementally add services as your customers' needs grow.
