Tulsa, OK 74117

PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.329(a)

July 22, 2020

Carrier: Verizon New England Inc., 6 Bowdoin Square, 9th Floor, Boston, MA 02114

Contact: For additional information on these planned network changes, please contact:

Marcia Chaffin
Verizon Network Engineering
385 Myles Standish Blvd.
Taunton, MA 02780
978-552-3638

John Dunne
Manager Global Engineering and System Performance
Verizon Wireline Network Operations
999 W Main St., 04 Floor
Freehold, NJ 07728
732-683-5126

Implementation Date: On or after April 1, 2021.

Planned Network Change(s) will occur at the following location(s) in Massachusetts:

Verizon Central Office	Address	CLLI
LEOMINSTER MA DMS100	2 School Street, Leominster, MA 01453	LMNSMASCDS1
NEWTON MA C20	787 Washington Street, Newton, MA 02460	NWTNMAWAPS1

This notice may also be viewed at <http://www.verizon.com/about/terms-conditions/network-disclosures>

PLEASE NOTE:

- All references to the Leominster MA DMS100 switch are associated with CLLI code **LMNSMASCDS1** and will not be repeated throughout this notice.
- All references to the Newton MA C20 switch are associated with CLLI code **NWTNMAWAPS1** and will not be repeated throughout this notice.

Description of the Planned Network Change(s):

The Verizon Leominster MA DMS100 switch, located at 2 School Street, Leominster, MA 01453, will be retired and removed from the network after all traffic served by this switch is migrated to the

Verizon Newton MA C20 switch located at 787 Washington Street, Newton, MA 02460. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Newton MA C20 switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Leominster MA DMS100 switch will be required to reposition the codes to the Newton MA C20 switch.

All ASRs for the Newton MA C20 switch must be received no later than February 15, 2021, in order to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Leominster MA DMS100 switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Leominster MA DMS100 switch (**on or after April 1, 2021**). This will serve to guide interconnect re-routes of traffic for the five (5) native codes currently served by the Leominster, MA DMS100 switch to reflect the Newton, MA C20 switch as the new home switch. All ASRs for the Newton, MA C20 switch must carry the project code of LMNSMASCDS1.
