Tulsa, OK 74117

PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.329(a)

December 16, 2020

Carrier: Verizon Pennsylvania LLC, 900 Race Street, Philadelphia, PA 19107

Contact: For additional information on these planned network changes, please contact:

Lisa Thompson
Global Data Network Engineering
Verizon Wireline Network Operations
13100 Columbia Pike, Floor 5 Room 505
Silver Spring, MD 20904
443-862-0212

John Dunne
Senior Manager – Global Data Network Engineering
Verizon Wireline Network Operations
2147 Route 27
Edison, NJ 08817
732-593-4003

Implementation Date: On or after October 1, 2021

Planned Network Change(s) will occur at the following locations in Pennsylvania:

Verizon Central Office	Address	CLLI
GERMANTOWN PA 5ESS Switch	26 W. Cheltenham Avenue Philadelphia, PA 19108	PHLAPAGEDS0
MARKET PA CS2K Switch	900 Race Street Philadelphia, PA 19107	PHLAPAMKPS2

This notice may also be viewed at <http://www.verizon.com/about/terms-conditions/network-disclosures>

PLEASE NOTE:

- All references to the Germantown PA 5ESS switch are associated with CLI code PHLAPAGEDS0 and will not be repeated throughout this notice.

- All references to the Market PA CS2K switch are associated with CLLI code PHLAPAMKPS2 and will not be repeated throughout this notice.

Description of the Planned Network Change(s):

The Verizon Germantown PA 5ESS switch, located at 26 W. Cheltenham Avenue, Philadelphia, PA 19108, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon Market PA CS2K switch, located at 900 Race Street, Philadelphia, PA 19108. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Market PA CS2K switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Germantown PA 5ESS switch will be required to reposition the codes to the Market PA CS2K switch.

All ASRs for the Market PA CS2K switch must be received no later than August 10, 2021 in order to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Germantown PA 5ESS switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Germantown PA 5ESS switch (**on or after October 1, 2021**). This will serve to guide interconnect re-routes of traffic for the nine (9) native codes currently served by the Germantown PA 5ESS switch to reflect the Market PA CS2K switch as the new home switch. All ASRs for the Market PA CS2K switch must carry the project code of **PHLAPAGEDS0**.
