

Verizon  
6929 N. Lakewood Avenue  
Tulsa, OK 74117

**PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.329(a)**

May 12, 2021

**Carrier:** Verizon New York Inc., 140 West Street, New York, NY 10007

**Contact:** For additional information on these planned network changes, please contact:

Harvey Salzberg  
Global Engineering and Operations  
Verizon Wireline Network Operations  
140 West Street, 5<sup>th</sup> Floor  
New York, NY 10007  
212-519-4852

John Dunne  
Manager Global Network Engineering and Operations  
Verizon Wireline Network Operations  
999 West Main St., 2<sup>nd</sup> Floor  
Freehold, NJ 07728  
732-683-5126

**Implementation Date:** On or after January 4, 2022

**Planned Network Change(s) will occur at the following locations in New York:**

<b>Verizon Central Office</b>	<b>Address</b>	<b>CLLI</b>
Wadsworth NY 5E Switch	608 West 176 Street New York, NY 10033	<b>NYCMNYWADS0</b>
Pearl Street NY C20 Switch	375 Pearl Street New York, NY 10038	<b>NYCMNYPSPS1</b>

**This notice may also be viewed at** <http://www.verizon.com/about/terms-conditions/network-disclosures>

**PLEASE NOTE:**

- All references to the Wadsworth NY 5E switch are associated with CLLI code NYCMNYWADS0 and will not be repeated throughout this notice.
- All references to the Pearl Street NY C20 switch are associated with CLLI code NYCMNYPSPS1 and will not be repeated throughout this notice.

**Description of the Planned Network Change(s):**

The Verizon Wadsworth NY 5E switch, located at 608 West 176 Street, New York, NY 10033, will be

retired and removed from the network after all traffic served by this switch is migrated to the Verizon Pearl Street NY C20 switch, located at 375 Pearl Street, New York, NY 10038. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

**Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):**

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Pearl Street NY C20 switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Wadsworth NY 5E switch will be required to reposition the codes to the Pearl Street NY C20 switch.

All ASRs for the Pearl Street NY C20 switch must be received no later than November 1, 2021 in order to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Wadsworth NY 5E switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Wadsworth NY 5E switch (**on or after January 4, 2022**).

This will serve to guide interconnect re-routes of traffic for the sixteen (16) native codes currently served by the Wadsworth NY 5E switch to reflect the Pearl Street NY C20 switch as the new home switch. All ASRs for the Pearl Street NY C20 switch must carry the project code of NYCMNYWADS0.
